SQUARE-NOSE WITH RETURNS

“BRILLIANT.” “REVOLUTIONARY.” “GAME CHANGER!”

That’s how builders, homeowners, and flooring pros describe our proprietary square-nose and bull-nose stair treads—engineered to create a seamless, professional look with LVP flooring.

We listened to installers and designers who struggled with inconsistent, patchwork stair applications. Their #1 complaint? No solution for continuous, clean transitions between LVP floors and stairs.

We solved it.
